Explorations

A BULLETIN DEVOTED TO THE STUDY OF FRENCH-AUSTRALIAN RELATIONS

Explorations is published by ISFAR, the Institute for the Study of French-Australian Relations which is a non-political, non-profitmaking organisation housed in the Department of French and Italian Studies at the University of Melbourne. ISFAR was founded in 1985 to serve as a resource centre in all areas of French-Australian relations * historical as well as contemporary * and in the sciences and technology as well as in the humanities. Although ISFAR is located in Melbourne and its functions are held mainly in that city, the strong Victorian emphasis of Explorations' earlier numbers has gradually given way to a broader all-Australian coverage. Whilst Explorations is an English-language publication, it does occasionally print texts in French. Explorations normally appears twice a year.

Those interested in receiving Explorations are invited to fill in the order form on page 29 and send it with a cheque of \$AUS 25 (Students \$AUS 20), made out to ISFAR Inc, to the address on the subscription form.
